STOP THE THAMES ESTUARY AIRPORT PETITION

The Mayor of London wants to build an international airport on a man made island off the Kent and Essex coast in the Thames Estuary. Medway Council, Kent County Council, and the Royal Society for the Protection of Birds (RSPB) have started a campaign to get this £40billion scheme thrown out due to the massive impact it will have on our area and the environment.
The best way to stop this pie in the sky proposal is to make your voice heard by signing our petition below…
